You can hold your cup while you're surfing the Web, reading a book or when you are writing a story. ★ Enjoy the cup holder application now! ► Please install Cup holder application (up to 1.58 MB) from Google Play and enjoy. Sara's Cup Cup Holder in Aluminum – Used this as a cup holder for a long-ass drive. It kept my drink cold and in the shade. Plus, it was way easier than having to strap a drink holder to the dashboard or whatever. Kyle's Cup Cup Holder – Keeps the drink cool and out of the sun. Easy to set up. Can't tell from the photo that it's fairly hefty, but it's not going anywhere. Sara's Cup Cup Holder – Love that it's pretty solid and not much at all. I got 2 of these for the price of 1. Love that it's large, and like the fact that it's aluminum. I'd suggest putting something else under the keys, since that

**What's New In?**

The cup holder is mounted to your phone case, the phone remains inside the case while the cup holder holds the cup. The cup holder is used to pick up the phone when one has finished drinking coffee. With the cup holder you don't have to worry about your phone falling out of your hand or being left on the table when you are done drinking coffee. ●You can take it off the case whenever you want as it will leave the phone behind. ●When the cup holder is mounted to the phone you can simply pick up the phone in the cup holder, you don't have to take the phone out of the cup holder as the cup holder will hold the phone. ●The cup holder is made to be compatible with any phone. ●Once the application has been downloaded you can change the color of the cup holder to your own. ●The application can be removed easily from the phone you wish to use it on. The application offers three different cup holder functions. ●Coffee Pick-up: When you are finished drinking coffee you simply pick up your phone to turn the volume on and you will be able to use your phone as usual. ●Cup Holder Camera: The cup holder also functions as a camera when you will want to take pictures. ●Coffee: You can turn your phone into a coffee machine with the cup holder. ●The application doesn't use your data plan because all the pictures taken will be saved on the phone itself. ●The cup holder is used to pick up the phone. There is no need to mount the cup holder to the case. You can turn the cup holder on and off at any time by pressing the button. In case you don't like the color you have chosen you can easily change the color of the cup holder by pressing the color button. Cup Holder Getting Started: 1. Download the application from Google Play and open it. 2. Start the app to begin a new task. 3. Press the cup holder button to get started. 4. Choose a color you want the cup holder to be. 5. Simply press the color button to get the selected color. 6. If you are satisfied with the color you chose, just press the START button. 7. You will be able to use the cup holder to pick up the phone when you have finished drinking coffee. 8. The application works on all Android devices.
