Features Key:

An interesting and wonderful game world. The world of the Lands Between reflects the legendary past, and is full of a mystery and vastness. People have lived here for a long time, and the world has been abandoned because of the Catastrophe. New forms of life and strange things continue to arise in this land that has been forgotten. As your character travels through the land, you will open the door to a closed world, and must face the dangers of the journey.

A Vast World Full of Excitement. The nine basic dungeons, the Unique Dungeons of different zones, and the World Fortress full of mystery and anger. A world with numerous fields, enormous dungeons, and the flight of a bird. It is enormous, so be careful.

Create Your Own Character. As a player yourself, you can freely combine weapons, armor, and magic. You can increase your strength by training, or master magic. Or are you just the kind of strong-willed person who sets out to protect the weak? Various roles are available. It is up to you. An Epic Drama. A series of events that reverberates across history. The names of those who created this world cannot be recognized. A drama about the characters who appear in the story and cross each other's paths.

Unique Online Play that loosely connects you to others. Various contents that we can offer in game are all available in game, but as they remain separate in game, it is possible to be involved in the game while enjoying all of them. Such as achievements, bags, other exclusive game contents, etc. Or, even if you are not participating, it is possible to receive contents if your interest is indicated.

Rich Content and Materials are Generated after Completion. If you complete the game with additional requirements, we will generate the content and materials needed for maps with large improvements and other things.

Elden Ring OST (Out of Silence Tensei) and End Credits song. We support both voice acting and different music styles, and will add new Tensei songs on completion of the main game (including background music, tone, etc). With songs left over from the PS3 version, we will produce new versions for the Vita version. By contacting us, you can request a song for free to listen to.

Mixed: The content of the new fantasy action RPG is solid. However, the length of the game and the fact that the story can be completed in around 20 hours of play time in complete form will limit those wishing to play it to checking it out when they

feel like it. It's a well made game and the combat is deep and complex, however at times the depth can become overwhelming. Best of: Looking for a complete and polished experience? Elden Ring is going to appeal to you. There is an excellently built story, engaging characters, and a very deep combat system, but for me the length of the game and the fact that the story can be completed in around 20 hours of play time in complete form will limit those wishing to play it to checking it out when they feel like it. 2nd: Somebody asked for my opinion on the game. I'm not much of a RPG and this review is to be biased for my opinion. I have played all the recent Witcher games and I have been wanting to try this new game. I am not looking forward to it. The reason why I feel as I do is because it's about the same time as those games but the graphics and the assets are not very good. I'm a huge fan of CD Projekt RED, I'm not one to trash them out, but this game looks like it was made for kids. The gameplay I have seen has not attracted me to try it or bought it. It's a decent game with a good story but it's nothing spectacular. It looks like the base of a tower defense game with RPG elements. I'm not impressed with the presentation of the game. 0 of 0 people found this review helpful. Was this review helpful to you? | Report this

You are here Uptown Players Uptown Players is a charity that, after a devastating flood in 2004, has been developing a new community centre in the heart of Liverpool's Newsham

Street. They are keen to find a suitable venue which has activity and social amenities but which also supports their mandate of providing a suitable venue for all Uptown Players' workshop classes. Why is this location suitable? Out of town, convenient for the University and the Aintree viaduct foot bridge (the main pedestrian access route to the city) and close to transport links; 3 travel stops and public transport in the main street.
